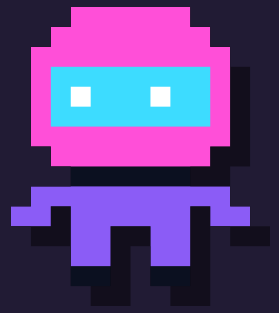
YAI Singapore
Youth AI Hackathon

Build your own AI project in a team of 1–4.

S$35,550
in prizes

PRIMARY
7–12



SECONDARY
13–17

UNIVERSITY
18–24

Organised by YCESS, a society registered in Singapore.

Four quests. Pick one.

QUEST 01

AI Art

Main Character: Something You Love

EXAMPLE IDEA

My Cat's Music Video

Make up a song about your cat; AI turns your drawings into its music video.

QUEST 02

AI Robotics & Smart Devices

Build Your Real-Life Sidekick

EXAMPLE IDEA

Good Morning Phone

An old phone on your desk learns your hello wave and plays your AI song.

QUEST 03

AI for Good

Level Up Your Community

EXAMPLE IDEA

Which Bin? Quiz

Hold something up and the computer says which bin; your family plays it for a week.

QUEST 04

AI Agents

Agent Mode: ON

EXAMPLE IDEA

Story Guide Dragon

A made-up dragon talks only about your favourite place and says “Ask a grown-up” otherwise.

More ideas for every age: yai.sg/tracks

You don’t need to code.

Build online, at your own pace, at home or at school.

No quest requires typed code.

Free tools and block coding can earn full marks.

Every AI tool is allowed.

No robot? No problem.

> Judges don’t score lines of code. Creativity counts most.

Key dates

Every challenge can be done well in one week.

Register by

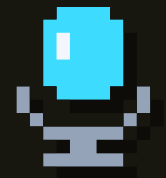
Sat 2 Jan 2027

Build until

Sat 9 Jan

Finalists

Wed 13 Jan



Demo Weekend in Singapore

Sat 16 – Sun 17 Jan 2027

S$35,550

in prizes, with trophies in every division

Organised by YCESS, a society registered in Singapore.
