FOR TEACHERS & CENTRES · SEASON 26/27

Bring your students to YAI Singapore

Youth AI Hackathon · ages 7–24

S$35,550 in prizes

OUR VISION

Raising the AI-native generation

Not a coding contest: we're exploring **AI-native education**. Students build real projects with AI from day one. Any AI tool is allowed; no coding needed.

Teams of 1–4 build one AI project online, in one of four quests.

- **AI Art**
- **AI Robotics & Smart Devices**
- **AI for Good**
- **AI Agents**

Primary 7-12 · Secondary 13-17 · University 18-24

ACADEMIC ADVISORY PANEL

18 educators and researchers in Singapore, the US, Canada and Australia, including:

Kevin Leyton-Brown UBC · **Aaron Quigley** ANU · **H. V. Jagadish** Michigan · **David Touretzky** CMU · **Yan Shuicheng** NUS · **Gregory Wilson** Stanford · **Kylie Peppler** UC Irvine · **YOW Wei Quin** SUTD · **Laura Wynter** SMU · **Alwyn Lee** NIE

Members serve in their individual capacity; affiliations for identification only. Full panel: yai.sg/judging

KEY DATES

- **Register by** 2 Jan 2027
- **Build until** 9 Jan
- **Finalists** 13 Jan
- **Demo Weekend** 16-17 Jan, Singapore

HOW TO BRING YOUR STUDENTS

1. **Share the poster** in your class and parent chat groups.
2. **Teams register at yai.sg** About 10 minutes per team. Free resources: yai.sg/resources
3. **Anyone aged 12 or under?** The team needs a lead adult: a teacher or parent aged 21+ who isn't taking part.

Register at yai.sg
